

Summary Vitae

NAME: Edward J. Philips
POSITION: Professor
TELEPHONE: 352-273-3603
FAX: 352-846-1088
E-MAIL: philips@ufl.edu

PROFESSIONAL ADDRESS:
Dept. of Fisheries and Aquatic Sciences
7922 N.W. 71st Street
Gainesville, Florida 32653

EDUCATION:

<u>University</u>	<u>Major</u>	<u>Dates</u>	<u>Degree</u>
University of Miami, RSMAS	Marine Biology	1977-81	PhD
University of Miami, RSMAS	Biological Oceanogr.	1972-76	MS
University of California, SD	Biology	1968-72	BA

PROFESSIONAL EXPERIENCE

(A) Positions:

<u>Dates</u>	<u>Organization</u>	<u>Position</u>
2004-current	University of Florida	Professor
2001-04	University of Florida	Professor & Graduate Coordinator
1994-00	University of Florida	Associate Professor & Graduate Coordinator
1988-93	University of Florida	Assistant Professor
1983-87	University of Florida	Assistant Research Scientist
1981-83	University of Miami (R.S.M.A.S.)	Post-doc

TEACHING: Current graduate level class on Applied Phycology (FAS 6176) and graduate/undergraduate class on Algae Biology and Ecology (FAS4932/6176). Served on 117 graduate student committees, including 38 as Chair (23 MS and 15 PhD).

CURRENT PROFESSIONAL ACTIVITIES:

Invited member of the National Harmful Algal Bloom Committee: 2009-present.

Invited member of the Florida Department of Agriculture and Consumer Services Transgenic Aquatic Species Task Force: 2009-present.

Member American Society of Limnology and Oceanography: 1981-present.

Technical Advisory Committee Member, Marine Numeric Nutrient Criteria (MTAC). Florida Department of Environmental Protection and U.S.E.P.A.

Science Expert. Task force on the affects of water withdrawal from St. Johns River. St. Johns River Water Management District and National Research Council.

CURRENT CONTRACTS AND GRANTS – (Total - \$10,046,895 as PI since 1983).

<u>PROJECT – ROLE</u>	<u>FUNDING AGENCY</u>	<u>FUNDING</u>	<u>DURATION</u>
Harmful algal blooms in the Indian River Lagoon - PI	National Estuary Program US Environmental Protection Agency/IRL NEP	\$151,101	2018-2019
Phytoplankton community Composition and biovolume In Manatee Bay, Barnes Sound and NE Florida Bay – PI	South Florida Water Management District	\$40,000	2018-2020
Plankton collection, identification and enumeration for Indian River Lagoon and the St. Johns River – PI	St. Johns River Water Management District	\$38,000	2017-2018
Indian River Lagoon plankton Investigations - algal nutrient uptake dynamics, nitrogen fixation, bacteria and microzooplankton – PI	St. Johns River Water Management District	\$378,000	2013-2018
Ecological function and recovery of biological communities within dredged ridge-swale habitats in the South-Atlantic Bight – co-PI - algae, zooplankton and water chemistry sections	Bureau of Ocean Energy Management – U.S. Department of Interior	\$551,000 (Phlips total of 5.1M for overall project)	2013-2019
